FRIEDMAN MEMORIAL REPLACEMENT AIRPORT Update on EIS Schedule

The release of the Draft EIS is projected to be in late May, 2011. As mentioned in the media advisory in July of this year, this is due to additional geotechnical and other analytical requirements being completed as part of the Draft EIS. The Draft EIS will be available on the project website www.airportsites.net/SUN-EIS, at the existing airport administrative offices, and the local libraries and BLM offices. Once the Draft EIS is published a 90 day public comment period will begin. A public hearing will be held during the comment period.
